

# REINSURANCE SOLUTIONS

## Global Operational Services

Reinsurance Solutions Limited (RSL), specialises in providing comprehensive outsourcing and run-off administration, technology and consulting services to the worldwide insurance market.

Our expert team of professionals provides fast, efficient, and cost-effective processing, administrative, and consulting solutions for insurance/reinsurance-related problems without the cost of recruiting, training and managing a group of specialised employees.

Additionally, RSL can be a valuable resource to start-up companies. Post 9/11 and Katrina, RSL supported several start-up companies by becoming their virtual back room allowing the newer operations to focus on underwriting and sales/marketing initiatives.

Moreover, companies are turning to RSL to improve the efficiency of their operations through re-engineering and systems solutions. Partnering with RSL contributes additional depth and focus to your critical insurance/reinsurance projects.

### **RSL's mission is to:**

- Provide long-term value to ongoing and run-off operations through high-quality services at competitive prices.
- Offer clear solutions that will assure our clients of improved cash flow, reduced expenses and lower ultimate liabilities.
- Maximise our clients' reinsurance asset realisation.
- Manage the operations of discontinued companies, divisions or product lines, in order to preserve industry reputation while protecting and enhancing cash flow, contractual rights and corporate assets.

## Auditing Services

Reinsurance and insurance audits require technical expertise that often is in short supply. Reinsurers and insurers need access to an independent supplier of auditing services who can assure problem-free administration. We can either support your team or conduct audits on your behalf.

Our comprehensive list of audit services include:

### For Reinsurers

- Claims
- Transactional
- Premium
- Underwriting
- Forensic accounting/IT

### For Insurers

- TPAs
- MGAs
- Forensic accounting/IT
- Coverholder

Reinsurance Solutions Limited (RSL) can direct and staff entire projects providing either bundled or unbundled services or provide stand-alone consulting services with the expertise and professionalism you require. We offer a due diligence to analyse your current situation, identify alternative solutions and provide recommendations.

Please call or email us to help plan your next project or to provide experienced temporary insurance and reinsurance professionals.

Our account executives will be glad to provide more information about how RSL can help you.

## Operational Diagnostic Review

Improving the efficiency and effectiveness of your organisation can result in improved cash flow and reduced expenses. Our experienced process design professionals have insurance/reinsurance operational knowledge which enables them to make comparisons of your processes to industry best practices.

Our operational diagnostic review provides:

- Preliminary observations on the:
  - effectiveness of the organisational structure;
  - efficiency of the critical workflow processes;
  - clarity of the mission and strategic objectives;
  - understanding of the internal/external customer relationships;
  - effectiveness of systems supporting business processes;
  - overall skill set required to support the processes.
- High level documentation detailing preliminary, short and longer term improvement opportunities.
- Provides feedback on the organisation's measures and metrics needed to monitor performance of financial, customer, process and human resource objectives.

Reinsurance Solutions Limited (RSL) can direct and staff entire projects providing either bundled or unbundled services or provide stand-alone consulting services with the expertise and professionalism you require. We offer a due diligence to analyse your current situation, identify alternative solutions and provide recommendations.

Please call or email us to help plan your next project or to provide experienced temporary insurance and reinsurance professionals.

Our account executives will be glad to provide more information about how RSL can help you.
